Traveling on the Ingram Trail  
Yellowknife, NWT, Canada – March 2002 - #5  
Bryan Rich White

Ice road trucks travel down the Ingram Trail which in the summer dead ends at Tibbitt Lake approximately 40 miles northeast from Yellowknife, NWT. For several months in the winter the trucks continue past Tibbitt Lake on the frozen lakes for hundreds of miles further north to supply the mining camps. Their trials and tribulations have recently been celebrated on a television series.
